FROM: Executive Assistant to the DDCI

Bob,

To give you a head start on your latest brilliant idea, the DDCI will be speaking to the Commonwealth Club in San Francisco on 26 January. I understand Shirley Temple Black is the new President and will probably host and introduce him. On 15 February he will speak to the Foresters' Wives Club at Ft. Myer. The person in Public Affairs who usually is the main contact for clearing requests and providing information about the groups is [redacted] who can be reached on X7676. I believe [redacted] also has a couple of other operations going in which he sends Agency speakers out to academic groups. [redacted] either used to do this or is about to do this. I think your recruiters are clued in to this but you might want to check.
